DETAILED ACTION

Status of Claims

Claims 1-6 are cancelled, Claim 7 is currently amended and Claims 8-12 are as originally filed.

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim 7, 8 and 10-12 are rejected under 35 U.S.C. 103(a) as being unpatentable over Drnevich et al (US 5,582,036) in view of Wang et al (US 2003/0213688 A1).

Drnevich et al in view of Wang et al is applied as discussed in the office action mailed on 9/3/2008. Regarding the amended feature, the claim reads on the oxygen from the cryogenic gas separation unity has a purity of at least 90%, which is met by Drnevich et al.

Claim 9 is rejected under 35 U.S.C. 103(a) as being unpatentable over Drnevich et al in view of Wang et al as applied to claim 7 above, and further in view of Drnevich (US 5,802,875).

Drnevich et al in view of Wang et al and Drnevich '875 is applied as discussed in the office action mailed 9/3/2008.

Response to Arguments

Applicant's arguments filed 3/3/2009 have been fully considered but they are not persuasive. Applicant does not claim that the purity of the total oxygen going to the blast furnace is at least 90%, but that the oxygen from the cryogenic gas separation unit has a purity of at least 90%.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
